

## **Registration to the Speed Meeting**

DS Fiduciaire, Kellerhals Carrard and Banque Raiffeisen de Sierre & Région are joining forces to offer managers and entrepreneurs in the Valais region speed meetings dedicated to the transfer of a business.

These speed meetings consist of free 45-minute consultations with three experts in the key areas of business transfer: legal, tax and financial. As your three partners are keen to provide you with the best possible support on these sometimes taboo issues, the speed meetings are personalized and decentralized to guarantee flexibility, discretion and confidentiality.
